GOLF OVERVIEW

COSTA PALMAS
EAST CAPE

COSTA PALMAS GOLF CLUB

Designed by acclaimed golf course architect Robert Trent Jones II, Costa Palmas Golf Club showcases a world-class championship layout, featuring desert, marina and ocean views. Highlighted by perfectly manicured turf lays, dunescapes and vibrant contrasts of color, the course provides a delightful experience for all levels of players.

The walkable coastal, links-style course, a rarity in Cabo, is composed of three distinct transitions and designed in a way for players to pursue shorter loops to accommodate other adventures.

Players of all levels can hone their skills at the expansive social putting green or arrange a lesson with the onsite professional staff.

EXPERIENCE PAR EXCELLENCE

6,954-yard walkable golf course that showcases Baja's natural and rugged terrain.

Premium conditioned turf surfaces allow players to navigate the enjoyable RTJ layout along the contoured Bermuda playing corridors woven naturally through the desert topography.

Bouchies, the al fresco venue off the Social Putting Green, serves ice cream, cocktails, light bites, as well as artisanal and specialty provisions.

Lucha Libre, the second al fresco venue, provides players a unique opportunity to enhance their round through traditional Mexican fare and ice-cold libations.

SUMMARY

Costa Palmas Golf Club is a walkable golf course designed to engage golfers of all skill levels and set in an intriguing “desert by the sea” environment.

The golf course traverses through three distinctive landscapes, Dune, Upland, and Marina holes. One of RTJ II’s goals was to create three different playing experiences linked together with common playing characteristics, including an emphasis on fun, playability, width, and angles. Further adding to golfers’ enjoyment are the available caddies, who will help guide and support players throughout their adventure.

The ability to play the unique loops individually or in various combinations will make for memorable and unique rounds.

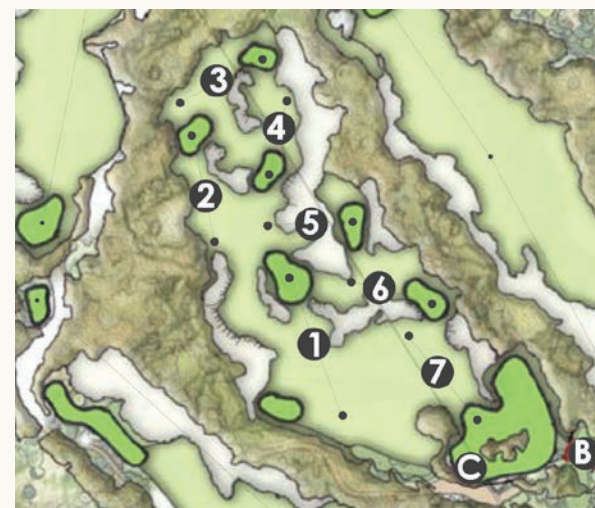

The course can be played as one continuous 18 hole course, alternatively for players with less time, Robert Trent Jones II has designed three different and unique playing loops that can be played independently or together.

SOCIAL PRACTICE GREEN

Directly adjacent to Bouchie's Cafe is the 30,000 square foot social green that seamlessly flows into a 5-acre par 3 family course.

This space also includes a meandering practice tee for players to practice a wide variety of shots they will encounter on the golf course.
